MEASURING

How to measure your Skypod.

- All Dimensions are measured to the external face of the upstand
- Check the diagonals to make sure the kerb is square
- The upstand must have a minimum width of 75mm
- The membrane/GRP should be installed before the Skypod
- Recommended kerb width = 75mm - 100mm
- Recommended kerb height = 100mm - 150mm

ROOF PITCH*

- ☐ 20° - Standard
- ☐ 35° - Skypod Acute

*If not specified, 20° is our default option.
